## **INSTRUCTIONS**

Type or print neatly in black ink.

Application of used oil to the land is addressed in Utah Standards for the Management of Used Oil, R315-15.

This form shall be used to apply to the Utah Division of Solid and Hazardous Waste for a permit for application of used oil to the land within Utah.

This form must be signed by the company owner or his designated representative.

A fee of \$25 is required and must be attached with each permit application.

The owner or operator of the permit shall notify the Division of Solid and Hazardous Waste in writing of any changes in the information submitted to apply for a registration within 20 days of the change.

### **DEFINITIONS**

- ! **USED OIL** - any oil, refined from crude oil or a synthetic oil, that has been used and as a result of that use is contaminated by physical or chemical impurities.
- ! **APPLICATION TO THE LAND** - a person may not apply used oil to the land as a dust or weed suppressant or for other similar applications to the land unless the person obtains a permit or written authorization from the Division of Solid and Hazardous Waste

Any person permitted to apply used oil to the land shall maintain a complete record of all analyses and transactions, documented by reproducible receipts for three years; and, upon request, make available to the Division for inspection or photocopying, all applicable analyses, records, and receipts for purposes of review and audit.
